Beavercreek, Ohio 45430

April 10, 2022

CTPM has been granted an extension of 90 days through 7/9/2022 for our certification and scope of accreditation through ANAB. This is due to our efforts in increasing our scope and working with our accrediting body to allow for more time to finalize these activities.

We have added the extension letter to our website for your reference. Please feel free to contact us with any questions.

Sincerely,

Bryan G. Bentley
Vice President
Cal Tec Process Management, LLC.
